INTERNATIONAL JOURNAL FOR THE FRUIT PROCESSING, JUICE AND SOFT DRINKS PRODUCING INDUSTRY

„I invest and generate capacity; our customers then come to us of their own accord.” Yahya Abbas, President/CEO of Ya YA Foods

FOOD SAFETY

“Seeing is believing!” – The team at Food Radar Systems invites you... 6

Since launching their pioneering in-pipe technology in 2010, the food safety experts at Food Radar Systems in Gothenburg, Sweden, have been on quite a journey. The ‘Food Radar’, which quickly detects and removes previously undetectable foreign bodies from food production lines, has been creating quite a stir in the industry. Now boasting a client list of major international food manufacturers that would be the envy of most food tech companies, their story is one of continuous innovation through technical know-how and customer focus ...

FILLING TECHNOLOGY

The Facilitator – Aseptic filling at Ya YA Foods in Canada 10

Contract filler Ya YA Foods in Toronto processes a vast range of products and packaging for the world’s big beverage brands. In the sensitive beverage trend segment company owner Yahya Abbas relies entirely on aseptic expertise from KHS. Yahya Abbas has a degree in civil engineering from Great Britain. It’s thus hardly surprising, then, that the 59-year-old president and CEO of Ya YA Foods in Toronto, Canada, still considers himself to be more of an engineer than a pen pusher. “I am a facilitator,” is how he describes himself ...

PACKAGING

Disruptive compact line layout at BINA Switzerland with an ultra-flexible shrink-wrapping infeed for squared bottles 12

Part of Swiss M-Industry (Migros Group), Bischofszell Nahrungsmittel AG (BINA) is driving the increasing health and wellness trend in the country via new formats for their organic juices and iced teas. To help shrink-wrap their latest, squared bottles alongside the traditional rounded ones, BINA needed a flexible, compact and easy-to-handle shrink- wrapping system for film packs and tray plus film packs. The solution came from Sidel in the form of a lean, unifilar 90° infeed system integrated in one of their proven shrink-wrappers to deliver a reliable, disruptive and compact line layout ...

INGREDIENTS

Beauty from within: Epigenetics pave the way to a new growth market. 16

Real beauty comes from within. This is nothing new, yet more topical than ever as breakthrough scientific discoveries have taken it to another level. Genome research and epigenetics have led to the understanding that certain plant ingredients have anti-ageing properties and beneficial effects on skin and hair – coming from within. These discoveries are providing new impetus for the nutritional supplement market and a new generation of beauty food ...

EVENTS

The food and beverage ingredient world hosted in Paris 18

With an enormous thematic and geographical scope – exhibitors from 74 countries and visitors from 173 countries – Fi Europe & Ni once again proved that it is the trusted and chosen meeting place for the international food and beverage industry. The three-day event attracted almost 25.000 visitors at the beginning of December – despite the all-out strike on the third day of the show ...
